

February 28, 2019

Dear Parent/Guardian,

A little while ago, the Sayreville Fire Department as well as the Sayreville Police Department were at the Sayreville Middle School due to a fire alarm which was triggered.

It was determined a Fire Sensor in our B-Wing triggered the entire school fire alarm system. All student and staff exited the building without issue. The time outside was extended due to the alarm/sensor triggering twice. The sensor was checked and reset. All students and staff re-entered the building again without issue. The remainder of the school day will go on as normally scheduled.

Thank you and Have a great day!

Best regards!

Mr. Richard K. Gluchowski

Principal
